KING GEORGE PROGRESS CONTINUES

LONDON, Dec. 19.—(U.P.)—King George continued tonight to make "slow progress" and it was understood on reliable authority that his majesty's condition was more satisfactory than at any time since he became critically ill.

The night bulletin, issued at 8 p. m., said:

"The king has passed a quiet day. Both the general and local conditions are continuing to make slow progress."

In line with the general improvement of today's bulletin, the British medical journal, "Lancet," will say Thursday in an "authoritative statement" that "there are increasingly solid grounds for hoping that the king's recovery will result from this 'ling, anxious struggle.'"

COOLIDGE IN VET MESSAGE

WASHINGTON, Dec. 19.—(U.P.)—A holiday message of good cheer was dispatched to all veterans organizations tonight by President Coolidge.

It reads as follows:

"All disabled ex-service men and women:

"Personally, and on behalf of a grateful and sympathetic country I send to you greetings and a message of good cheer upon this return of the holiday season."

"As we think of the bountiful benefits now enjoyed by our people, we cannot and do not forget those who have suffered and do suffer because of injuries and ill health received in the struggle to maintain these benefits secure. The material aid and comfort our government has extended have been given freely and will be cheerfully maintained."

"But at this time I want to open to you the hearts of the nation, which beat with arm respiration to your courage and fortitude in bearing your burden."

"May peace and happiness be yours now and through the coming years."

Open House To Be Held By El Cerrito Fire Department

Open house will be held by the El Cerrito fire department Dec. 29, according to Fire Chief Arthur H. Byrd. There will be dancing and refreshments. A well-known orchestra has been engaged for the night.

Berkeley Fined For Intoxication

James Wilkinson of Berkeley paid a \$25 fine when he appeared before Police Judge J. F. Plank of El Cerrito last night on a charge of intoxication. He was originally charged with reckless driving but the charges were reduced.

Oregon Visitors At C. W. Cook Home

Gerald Detering and Harold Selfert, of Eugene, Ore., are visitors at the home of Mr. and Mrs. C. W. Cook of Richmond. Selfert is Cook's nephew. The visitors will remain in Richmond over the Christmas holidays.

Three Kings

INTERESTING and extremely rare photo showing royalty of England. King Edward VII, (seated) King George V, then the Prince of Wales, and the present Prince of Wales. They are attired in uniforms of the royal navy.

DRIVER ASKS SUSPENSION OF LICENSE

Jesse Herron, 25, of Richmond, last night requested Police Judge J. F. Plank of El Cerrito to take his operator's card away from him. This request was met by Judge Plank who took the card for a six months' period.

Herron was arrested on a charge of speeding 36 miles an hour in a 15 mile zone. When he faced Judge Plank he declared that he could not refrain from speeding, according to the court officials. To teach himself a lesson and to keep from speeding, he asked that his card be taken away from him for six months.

Berkeley Auto Driver Fined \$100 In Court

Brainerd Barch of Berkeley was fined \$100 when he pleaded guilty to a charge of reckless driving before Police Judge J. F. Plank in El Cerrito traffic court last night.

Barch was arrested several weeks ago. He was unable to pay \$250 bail set by Judge Plank and in lieu of this amount his machine was held by the court pending his plea.

Truck Driver Fined \$20 In El Cerrito

Speeding, driving with one headlight and without a muffler cost Guy Rickman a Berkeley truck driver \$20. He pleaded guilty to the charge before Police Judge J. F. Plank in El Cerrito last night. He was arrested several days ago by El Cerrito traffic officers.

Local Motorist Pays Fine Of \$10

John Manyk, 1011 McLaughlin avenue, Richmond, was fined \$10 by Police Judge J. F. Plank in the El Cerrito traffic court last night on a speeding charge. Manyk was arrested on a charge of speeding 25 miles an hour in a 15 mile zone.

LOCAL PLANT IN COMBINE

Merging of three manufacturing industries, including the Republic Steel Package company was announced yesterday by Seward B. Merry, president of the Richmond industry, upon his return from Chicago, where the merger plans were completed.

Other firms included in the deal are Bennett Pumps corporation of Muskegon, Mich., and the Service Station Equipment company of Bryant, Ohio and Toronto.

Including the Richmond plant, valued at \$700,000, the merger involves \$9,000,000 in manufacturing industries.

Assembly Plant

In addition to new lines of products, the merger will effect the Republic Steel Package company's business in many ways, Merry declared. The Richmond plant will become an assembling plant for products of which the essential parts will be made up at eastern factories and shipped here.

The Service Station Equipment company manufactures a complete line of visible gasoline pumps, "Eco" air towers and air compressors. Underground storage tanks, range boilers and other sheet metal products are manufactured by one of its associates, the John Woods company of Toronto.

A complete line of equipment for dispensing groceries, lubricating oils, kerosene, etc., is manufactured by the Bennett Pumps company. It plans to manufacture gasoline pumps for distribution in the United States.

Local Products

The Republic Steel Package company manufactures steel barrels, underground storage and lubricating oil tanks and has been handling the Bennett products on the Pacific Coast for the last three years.

Under the merger agreement, each of the companies will remain intact with the present officials and directors. Each line will continue to be sold and advertised under its own name and on its own merits, but all sales and advertising in the United States will be handled under the direction of the Bennett firm.

PEMBERTON'S MOVE

Mr. and Mrs. D. L. Pemberton recently moved into their new home at 339 Thirtieth street.

RESIGNATION OF MELLON ASKED

WASHINGTON, Dec. 19.—(U.P.) Secretary of Treasury Mellon's resignation was demanded in the house today by Rep. Garner, Texas democrat, who charged the secretary with making "misleading and dishonest" financial statements.

Garner further charged that Mellon first estimated a \$37,000,000 treasury surplus after the budget bureau had estimated a \$4,000,000 deficit and then sent an estimated tax return of \$75,000,000 to congress with the warning that it might create a \$50,000,000 deficit.

"The figures were prepared by the treasury department because Mellon was interested in the Greek loans," the Texan said. "He knew unless he had the president tell congress it could make a peacetime loan without a bond issue or increase in taxes the bill would not pass for congress won't lend money to a foreign government out of a 'busted' treasury."

Garner predicted the American people would eventually repeal the income tax law and adopt some other system of taxation because of Mellon's administration.

"The American people will not tolerate the continued secrecy of the Treasury and the scandals which come out of that department," he added. "If I were president, I would demand the secretary's resignation."

Garner termed the large tax refunds made to the U. S. Steel corporation "after election manipulations."

Local Man Pays Fine In Court

Clarence Doren of Richmond paid a \$25 fine when he appeared before Judge J. F. Plank of El Cerrito last night on a charge of intoxication.

Doren was arrested with John E. Smalley of Richmond last Saturday night. Both were charged with intoxication and Smalley was also charged with reckless driving. He will appear in court next Wednesday night to face the charges.

Smalley's bail broker called Judge Plank last night and declared that he is ill with the influenza and was unable to appear.

Richmond Line Included In Big S. F. Bay Merger

Merging of all San Francisco bay auto ferries into one company was announced by officials of the Golden Gate ferry company yesterday. The Richmond-San Francisco auto ferry is included in the merger.

The new corporation will be formed to buy auto ferry lines from the Southern Pacific, Northwestern Pacific, Monticello and Golden Gate ferry companies. The passenger lines of the Northwestern Pacific in Marin county and the passenger lines of the Southern Pacific in Alameda county are not involved. Both concerns will continue to operate passenger ferries as at present.

A board of nine directors, four from the Golden Gate company, four from the Southern Pacific, and one to be mutually agreed upon, will govern the destinies of the new concern.

Managing personnel will be unchanged, the Golden Gate company continuing to manage the Sausalito-San Francisco line, the Berkeley-San Francisco line and the San Francisco-Vallejo line. The present personnel of the Southern Pacific will continue to operate the Oakland-San Francisco service, and the Alameda service.

According to A. O. Stewart, president of the Golden Gate lines, the merger will prevent duplication of service existing on the bay and will tend to economy. Through the merger boats may be taken from different runs to aid in an

overflow of traffic. This will hold especially true in football season. Boats will be taken from the Sausalito run to be used in the San Francisco-Berkeley line, Stewart said.

A joint statement issued by the companies yesterday said in part: "The automobile ferry fleets of San Francisco Bay are to be united through an arrangement arrived at today in New York between Paul Shoup, representing the Southern Pacific and Northwestern Pacific companies, and S. P. Eastman, representing the Golden Gate Lines and Monticello Steamship companies."

"The purpose of the union is to make the maximum and most efficient use of all present transportation facilities. It will result in improved service to public by eliminating duplication and losses."

"The union of the auto fleets of these companies will enable the fullest use of all the ferries so that peak seasons and holiday traffic may be fully cared for, transferring idle boats to the routes of greatest traffic."

"Thus the maximum requirements for Marin county service in the future will be met."

Beauty, Airplane In Race Across U. S.

OMAHA, Neb., Dec. 19.—(U.P.)—A pretty New York girl, fleeing from her family, was aboard a fast express train speeding to San Francisco tonight in a race with an airplane.

The girl, Ruth McConnell, 20, is the niece of Kenneth B. Coulter, New York broker. She checked out of a hotel here Tuesday and had a 24-hour start on the plane.

In the plane was Dr. B. O. Meeker of Rochester, who had the role of detective. Francis Bowman, of Omaha, was pilot of the plane. The girl's uncle wired private detectives today to watch for the girl but did not disclose the reason other than to intimate she was fleeing from the United States, was well-supplied with money and had passports.

Static Halts News From Epidemic Area

CORDOVA, Alaska, Dec. 19.—(U.P.)—Unfavorable radio conditions tonight prevented amateur operators at Anvik and Holy Cross from dispatching news of the smallpox epidemic at Holy Cross or the progress of a dog team carrying serum from Anvik.

For more than 24 hours static has made it impossible to hear radio signals which are the sole means of rapid communication between here and the affected district.

The dog team left Anvik early Tuesday and should have reached the end of its mission of mercy tonight but soft snow or a blizzard might have retarded its progress along the 50 mile route in the Yukon territory.

Speeding Fine Paid As Christmas Gift

The newest Christmas gift was revealed in the court of Police Judge J. F. Plank here last night. Instead of giving your sweetheart an expensive gift pay her fines for speeding. It is a gift that she will long remember.

Last night Miss Ethyl McManus of San Francisco was scheduled to appear before Judge Plank to answer to a charge of speeding 30 miles an hour in a 15 mile zone. She did not appear but in her place her "boy friend" faced the court, pleaded guilty to the charge and paid the \$5 fine assessed by Judge Plank.

Representatives of civic fraternal and service organizations gathered at the Hotel Carquinez yesterday noon to discuss charity work here during the Christmas season.

Each organization presented its list of families to be aided on meeting.

Christmas here. These lists were carefully checked to prevent a duplication of work.

Reports were also heard on articles needed to be placed in Christmas baskets.

Homer W. Patterson called the meeting.

ADVERTISING—ITS WORTH

Every little three-line item you read has turned the wheels of some great factory. Every time you see a cut price the number of gray hairs in the world has been increased.

Many an advertisement is planned a year before it ever finds its way into print. One advertisement in Philadelphia a few years ago opened up the copper mines in Colorado six months before it ever appeared. A thousand miners began digging copper on a contract of brass beds that were going to be advertised.

You see perhaps some piece of muslin wear advertised whose trimming is pretty or some gown whose design is elegant. The chances are that a hundred styles were discarded or changed to get this one for you. And all the while the buyer of your favorite store was picking and choosing he had you in mind. He was building the advertisement that would catch your eye and please your fancy and your pocketbook.

If you had been there you would have heard him telling the manufacturer: "My customers are particular. They must have the best that there is at the lowest price that can be made. You've got to give me something better than you give to anyone else."

Every one of these buyers is fighting for you, and it is up to you to show your loyalty to them.

The store that advertises to trick its customers is almost a relic in this present day.

Many a time you find a bargain that turns out better than the advertisement claimed it to be, and you think somebody, somewhere, has made a mistake. But there was no mistake. It was put there purposely to win your confidence.

Every ounce of human ingenuity is brought to bear upon the advertising of the present day. To write the real story of a single item would be to write a chapter in the history of commerce.

THE YULETIDE TREE

The Christmas tree is said to be a comparatively recent feature of the celebration of the festival, dating back not more than two centuries. The evidence presented in the display of supplies of this attribute of the home observance, and often of the public also, offers proof of the firm hold the custom has gained. If the practice of cutting trees menaces our future timber supply, apparently the threat has no effect in diminishing the offerings with trees in evidence on every hand.

The Puritan settlers of New England have left an impress in many directions on this nation but their non-observance of Christmas is not one of them. In making much of the event we appear to combine many of the customs of the diverse elements which now enter into our composite population of more than one hundred million. The introduction of a pine tree as a part of the Christmas celebration may have come to us as a feature of pagan feasts, but it is not amiss to adapt to modern uses a good thing, no matter what its origin.

DO NOT BE MESSY

"Be careful" is the essence of the annual detailed warning given by postal authorities about wrapping Christmas packages. Lack of care means that the article may be broken or otherwise spoiled, or delayed until after Christmas. And any of these accidents would mean real heart sorrow for the intended recipient and disappointment to the donor.

A broken doll is a tragedy to a child at Christmas time. Crushed cigars do not make the child's father feel happy; while spilled perfume or torn and crushed flowers make no appeal to the feminine members of the household.

That same ordinary prudence with which a housewife would insure safe transmission of home made preserves from one dwelling to another should lead those who use the mails to send presents to wrap the gifts so securely that there will be no danger of breakage. And if the articles are valuable, it is only good sense to insure them.

What Shall I Wear?

By JUDIE

Tiers of lace flouncing over ivory satin make the wedding gown the long sleeved bodice of which has lace in points back

and front, and also for deep cuffs.

Dear Judie,

I am to be married in January and want a lace dress. You can suggest something not too costly. Should a veil also be worn? It is to be a church wedding with four bridesmaids dressed in little would you have them all the one color or in different pastel tones and if all one color what do you suggest?—M. C.

Why not copy the lovely illustration on a combination of soft ivory lace and white crepe satin, very soft and bound to be flattering with the lace a deeper tone. You do not have to wear a train and your veil does not have to be lace. Have white tulle by all means mounted on any sort of bandeau you prefer, and of course it does not have to cover your head. Why not have your bridesmaids wear yellow tulle with bright green satin slippers? Yours for style, JUDIE

AND THE WORST IS YET TO COME

BEAUTY

How these elbows stick out and spoil the scenery! It is not at all unusual to see a woman in evening dress whose complexion is 'peaches and cream' whose hands are smooth and white—and whose elbows stick out red and roughened, to spoil the entire effect.

If it were laborious and lengthy process to keep the elbows the same texture and color as the rest of the arm, you could understand their carelessness. But isn't all you have to do to continue the treatment of your hands up to the elbows—and then you are!

Every time you rub on your hand lotion, massage some into the elbows to soften and whiten them. At night before going to bed, stimulate the circulation by massaging with your skin food and leave it on all night to nourish these portions of the arms.

If you do this faithfully, it won't be long before you can wear a sleeveless dress without the embarrassment of sawny elbows.

Dear Miss Lane,

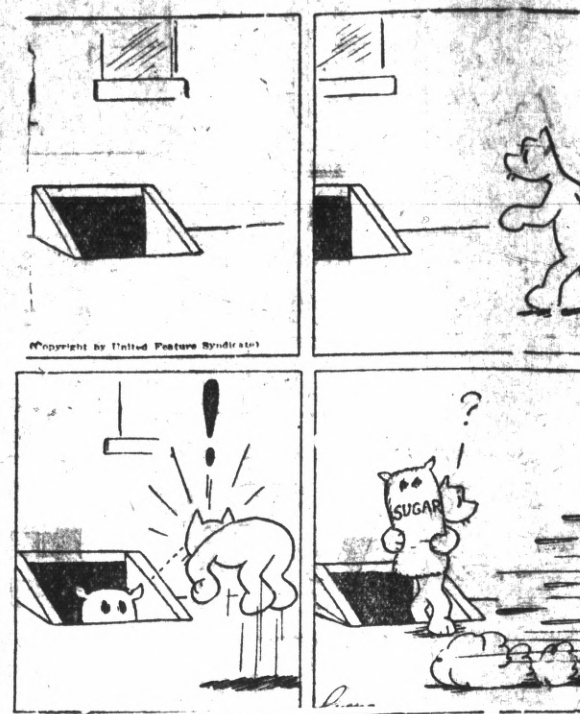

Do you think wearing the hair off the ears is as becoming as wearing it down over them?—J. O.

That depends entirely on your face and your ears. Unless you have small ears that lie close to the head, you would do better to conceal them.

Regularity of feature and perfection of contour is usually necessary for wearing a severe type of coiffure.

What are known as "washboard" roads are the result of high pressure tires it has been demonstrated in exhaustive experiments. Balloon tires, it was found, caused no corrugations.

Cat Tales by Pusey

Nearly all of the Canadian provinces have gasoline taxes and some of them have recently raised these to five cents.

An expert on the automotive industry has predicted that next year the combined automotive vehicle production in 1929 would reach 7,000,000 units.

Shoe manufacturers complain that lower profits are due to the drop in the sale of men's shoes owing to the great increase in the use of the automobile.

—RAGS WANTED—

The little town of Montclair, France, has 20 speeding. One reason is that the speed limit is seven miles an hour and the other is that the law is enforced.

Pedestrians have the right of way at intersections controlled by a signal system the court of appeals of the District of Columbia recently held.

Last winter more than 110,000 miles of highway were kept clear of snow. It is expected the snow clearing work will be 100 per cent perfect in the near future.

THE OUTLINE OF POLAR EXPLORATION

THE LAND WHICH WILLOUGHBY SAW WAS NO DOUBT "NOVA ZEMBLA." THEY FOUND NO POSSIBLE LANDING POINT—SO TURNED NORTHWARD AGAIN. BUT THE FEAR THAT THEY MUST BE GOING

Stalked by Destiny

UNKNOWINGLY THEY PASSED THE ENTRANCE TO THE WHITE SEA, INTO WHICH, HAD FORTUNE GUIDED THEM, THEY WOULD HAVE COME TO ARCHANGEL, WHERE THEIR COMPRADES WERE WAITING, AND SPENT THE WINTER IN COMFORT.

North Africa is New Mecca For Tin Pan Alleyites

Too busy for my lov-in' Too busy for my pet-tin' That is all that I've been get-tin' from you

Song Writers Get Material from Natives of Morocco

New York City.—Tin Pan Alley has invaded North Africa. You can hear the humming and the strumming of jazz experiments in the remotest stretches of the Moroccan desert. To get novel rhythms and tempos, the songsmiths of America are studying the drum beats which form the basis of the native Moroccan music, studying them in their local habitat.

Since the Compagnie Generale Transatlantique has made Morocco safe and comfortable, musicians have swarmed in by the scores to attend the native dance and music festivals.

"Just what effect this will have on modern music will be interesting to watch," declares Felix Lachenez Heude, official of the French Line.

"The Moroccan is most hospitable and does everything possible to please the foreigners, repeating native dances over and over for the onlooker.

"There is something about the

rhythm of these dances that is most gripping, and while I do not think it is exactly the same as the music of the Southern United States, there is a striking similarity. Perhaps at one time all of Africa had the same kind of syncope. At any rate, Africa is the cradle of modern American music.

"Too Busy" has something of this rhythm. It was the rhythm which the natives oddly enough used, both in warfare and in lullabies. And while there are more notes in the scale of African music, than there are in our own, their melodies are as easily learned."

PYTHIAN GROUPS ENTERTAIN AT YULE PROGRAM

A Christmas tree and program featured the Christmas party of the Knights of Pythias and Pythian Sisters, last night in Brotherhood hall. Gifts of candy and nuts were presented to the children.

TULLY DRAMA IN UNUSUAL SETTING

Jim Tully's realism, his humor, his drama, on the screen for the first time, started, thrilled, warmed and pleased large audiences at the California theater yesterday where "Beggars of Life" opened its engagement.

Never before has the saga of Hoboemia been told with such fidelity. Never before has the secret of the wanderlust been revealed with such certainty. Here is a fighting story; a story of men fighting an environment; a story of rough, cruel, brutal, brutal men, or dreaming men.

Wallace Beery is back again in the heavy, serious, dramatic roles in which he attained his greatest fame. As Oklahoma Red he is a smashing, dominating genius. His interpretation of this huge, vital, human animal of trampdom is something to marvel at to captivate the imagination. Paramount has chosen well in placing Beery in the pivotal role in this great drama.

No less important to the story and no less successful in her interpretation is Louise Brooks, that slim graceful girl who has won her way to moving picture fame by the sheer force of ability and personality. In "Beggars of Life" she plays a difficult role wonderfully well and climbs many rungs on her ladder to stardom.

Richard Arlen actually submerges himself in his part. His is the important juvenile role; his is the difficult business of translating the truer spirit of the wanderlust.

Al Jolson Has 'Record Run In 'Singing Fool'

Enthusiastic throngs are acclaiming Al Jolson's second motion picture, "The Singing Fool," as the greatest of all the vehicles which the world's most famous entertainer has had in his spectacular career.

In "The Singing Fool," which continues at the Vitaphone theater, Oakland, he plays the part of a waiter in a Broadway cabaret—a song writer who helps the woman he loves to a place as a revue star and marries her only to be left with a small son, when the faithless woman deserts him for a richer man.

"The Singing Fool" is a heart story providing a thousand opportunities for Jolson to display his genius for moving us all to tears or laughter.

And he has an all-star supporting cast including Betty Bronson, Josephine Dunn, Reed Howes, Ed Martindel, Arthur Housman, David Lee and Robert Emmett O'Connor.

'Baby Star' Wed

With picturesque New York city or its background, "Sinners in Love," F. B. O.'s latest screen offering, made its debut at the Richmond theater last night.

It is a simple story, told in a simple but effective way. It demonstrates in a most dramatic manner, the hardships and suffering, the agony and color of the struggle for existence in New York.

The story revolves around a small town factory girl, distinguished by poverty and the responsibility of supporting a home who seeks to realize her ambitions in the metropolis. Through circumstances she becomes involved in a gambling house, owned by a well known, clever crook.

It suddenly dawns upon her that she is being used as a "lure" for the weak by gamblers and much disheartened, escapes from the place. Tom Wells, the proprietor, realizes his love for the girl and sets out to find her. After a tireless search he locates her and the ending is one of happiness as everyone would wish, without taxing the imagination.

The romance and adventure atmosphere of the story is presented with unusual understanding, while the scenes in the gambling resort are lavishly exemplified, with numbers of the most beautifully gowned women as well-dressed men.

Olive Borden renders a creditable performance.

Beware of Bachelors

Copyright 1928, Warner Bros. Pictures Inc. "BEWARE OF BACHELORS," with an All-Star Cast, is a Warner Bros. production of this novel.

Dr. Davis and his wife, Mrs. May, have been quarreling. Davis is jealous of Beranger de Brie, a person whom he has seen choosing each other around her room. She screamed and ducked beneath the covers, pulling them up over her head.

Now she could hear the pattering of feet running along the hallway. She couldn't get up to let them know she was awake. She saw those two terrible objects racing about in circles. She waited, tense, expecting any moment to hear a pistol shot—a groan—anything that would announce the end of the conflict. All the past murders of which she had ever read fled in panorama across her mind. It was too awful.

Then the sound of the key in the lock. In another moment the house detective, a pistol in his hand, rushed into the room. The lights flared up. "Beranger! May! What's the matter here?"

"That man," Davis pointed calmly, "Beranger, was intruding on me and my wife's privacy."

For a moment May felt slightly dazed by this swift turn of events. Then a little tremble came into her eyes. She'd pay Ed Davis back in his own coin.

"What's the matter here?" the house detective boomed, looking from May to Davis and then at Beranger.

Davis turned towards the bed. He stifled a shout. May—it was May! Sitting up in bed.

OUTPUT OF TOYS ASSURES MERRY CHRISTMAS

WASHINGTON, Dec. 19.—U.P.

On Christmas morning the young American girl will be fondling her million dollars worth of dolls while the American small boy will be preparing to wreck about fifteen million dollars of rolling stock in the form of toy automobiles, airplanes, wagons and trains. American worship of Santa Claus makes toy production one of the country's typical big businesses. The production of toys is a large round number which delects the government scientist.

Production in the United States, according to the last Bureau of Census compilation, available amounted to about \$25,000,000 annually, of which dolls alone accounted for nearly twelve million dollars, with one and one-half million extra for the miniature wardrobe and nearly three million for her carriages and car.

The present year probably has witnessed an increase in this production.

Originally, the domestic toy mills are incapable of meeting the requirements of the American trade, and there is a heavy annual importation from Germany and Japan.

Imports from Germany amount to four to six million dollars annually and from Japan three to four million.

Germany provides large quantities of Christmas tree ornaments, wooden toys, and toy musical instruments. Japan sends paper and celluloid toys. The contribution of American industry to the child's merry Christmas consists largely of toys of mechanical or educational nature.

Among the former are toy airplanes, locomotives, power stations, signal car, and spring-operated Robots in miniature. Educational toys include building blocks, construction sets, drawing and painting sets, and wax modeling outfits.

C.O.F.C. BALLOTS MAILED TO MEMBERS

Election of seven directors of the local Chamber of Commerce will be held on Dec. 23, and ballots are now in the mail for all candidates. It was announced by P. M. Sanford, president, yesterday.

Twelve men were placed in nomination at the annual meeting on the night of Dec. 13. Seven directors are to be chosen, the voting to be by mail ballots.

Among the incumbents of directors renominated to serve another term are F. B. LaMoine, F. S. Newson, A. L. Paulsen, J. H. Plate, W. W. Scott and Ira Vaughn.

The new nominees are George Berner, Ralph H. Berren, T. M. Carlson, Dr. N. E. Cunningham, Lewis J. Hixon and C. C. Keizer.

The new directors will officially take office on Jan. 1, but will not be formally seated until the next meeting of the board of directors, which will be held Jan. 9.

At this meeting the directors will choose a president to serve during the coming year.

The board of directors as it now stands, consists of T. H. DeLap, O. R. Ludwig, J. F. Brooks, Henry A. Johnston, E. M. Downer, Fred Vaude, W. W. Scott, Larkin J. Vaughn, E. B. Bull, A. L. Paulsen, George N. Rooker, W. T. Helms, M. A. Hays, J. A. McVittie, C. S. Renwick, P. M. Sanford, Arthur Wilson, H. C. Creeger, Fred Newcom, Ira Vaughn and F. B. LaMoine.

R. GREENLEAF IN BILLIARD VICTORY

CHICAGO, Dec. 19.—(U.P.)—Ralph Greenleaf of New York successfully defended his pocket billiard championship here today and was declared the winner when Frank Taberski of Schenectady, N. Y., quit the game under protest. The score stood 95 to 81 in Greenleaf's favor when Taberski laid aside his cue.

He objected to the referee allowing the scoring of a shot in the sixth inning. Greenleaf shot a combination, which Taberski said had not been called in that manner. The latter also objected to Greenleaf leaving the room twice whereas the rule permits a player to leave only once during a game.

Greenleaf explained that the shot in the sixth inning "was an obvious one," and the referee permitted it to be scored.

He also said he had obtained permission of the referee to leave the room on the second occasion. Otto Reisel of Philadelphia advanced to third place in the international three cushion billiard tournament when he defeated Gus Cipolus of Detroit, 50 to 37 in 11 innings. Reisel's high run was 7, and Cipolus' was 6.

In the pocket billiard match, Greenleaf's high run was 50 and Taberski's 30.

**School nurse says
all girls should
know this**

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there is no harm in taking nujol, since it works mechanically, and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling, because it is so pure and harmless, and it works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

Turkey Shoot Here Sunday

The second of a series of turkey shoots will be held at the old San Pablo airport Sunday by a group of Richmond boys. Last Sunday a large crowd participated in the shoot and a number of turkeys were awarded.

This Sunday different targets will be used, according to Weston Judkins. Rifles are provided for the marksmen.

Tame Hog Turns
Wild, Shot As
Game Near Here

To Ted Merry, son of Mr. and Mrs. Seward B. Merry of Pinole, Cal., the honor of tagging big game in the Contra Costa hills.

Ted was hunting for rabbits when he was confronted by a large wild boar with long tusks. It required eight shots before the beast was finally killed.

The boar has been occasionally seen in the vicinity, but no hunter had been able to shoot it. It is believed to have been the offspring of a sow on one of the nearby farms and to have reverted to the characteristics of its wild ancestors after it had fled to the wilds.

FRIENDS AND NEIGHBORS SURPRISED BY MY QUICK RECOVERY

San Jose, Cal.
Nov. 13, 1928
To Whom It May Concern:

For some time past I suffered with nervous attacks similar to St. Vitus Dance. My speech was so affected that I could scarcely utter a word. I was under the impression that I was suffering from a brain disease. I tried every method of healing known to me in vain. Then I was recommended to try the Pong Wan Herbs. Now, after but two weeks of that treatment, I am completely well.

My friends and neighbors as well as the men who formerly treated me are all surprised at my recovery in almost no time. All inquire as to whose skill has brought me such wonderful and quick relief.

(Signed) JOSEPHINE DOMINGUEZ, (Attested by her mother, Mrs. Anna Dominguez, 645 Emery St., San Jose, Cal.)

People who wish to learn more about Pong Wan's knowledge of herbs and methods of healing should get his new book free at his office or mailed to any address upon receipt of 10c postage.

YULETIDE MAIL BREAKING ALL RECORDS

The Richmond post office is handling the heaviest Christmas mail in history, according to Postmaster James N. Long. The volume of mail handled to date is much heavier than in preceding years, Long declared.

He attributes the heaviness of the early mail to the campaign conducted to induce the public to avoid late mailing. Between 25 and 30 extra clerks will be employed to handle the mail during the last few days and several extra clerks have already been employed. The post office will close midnight, Christmas eve, and will remain closed all day Christmas. There will be no delivery of mail on Christmas day. The entire personnel of the office, with the exception of the clerks to handle the outgoing mail, will receive no pay today. Those who have not already mailed Christmas packages have been urged by Long to do so at once thereby avoiding the last minute jam of mail that has been experienced in past years.

PEACE TREATY STARTS ROW IN SENATE

(Continued from Page 1)

When Hale moved to take up the peace treaty late today after the senate passed the Hawes prison bill, Norris announced he intended to debate the motion at length and that a vote could not possibly take place tonight.

Unopposed Started
Senator King attempted to put a motion to take up the treaty as a substitute for Hale's navy motion. This provoked a general uproar during which Senator Swanson, Virginia democrat, made a point of order against King's motion. During the wrangle over this point Senator Curtis, majority leader, fearful a real fight would develop, quickly moved a closed executive session and shut off the

debate. Hale is expected to renew his motion Thursday unless an artificial peace treaty is arranged over night, which appears unlikely, the fight between the peace treaty and the cruiser bill will come to a showdown.

Norris said later he would talk until the Christmas recess Saturday if necessary to prevent a vote on the Hale motion. He said he would not consent to a vote until an understanding is reached as to taking up the peace treaty.

Faced In Danger
Borah's agreement to permit the peace treaty to take second place to the navy bill caused some criticism among peace advocates who have been urging ratification by Christmas. Borah, however, has paged the senate privately and finds only about ten votes against the treaty. He cannot see therefore that the pact is in any danger by being allowed to go over until after the 15th crisis are voted.

Warm debate may be expected when Hale renews his motion Thursday to take up the cruiser bill. He is thought to have sufficient votes to bring it up for

consideration.

Propriety Question
Consideration of the navy bill will revolve around several points, the most significant being the propriety of voting on the first general treaty renouncing war that has ever been made and the question raised by President Coolidge who recommends elimination of the time provision which would require work on all 15 cruisers begun within three years.

Chairman Borah of the foreign relations committee is opposed to the cruiser bill but has agreed to do nothing to prevent a vote on it. He favors cutting the number of cruisers to ten, it is understood.

Woodcraft Group Entertains At Yule Program

Log Cabin Circle Neighbors of Woodcraft enjoyed its annual Christmas party last night in Odd Fellows hall. A program was presented by the children and was as follows:

Piano solo, Marian Reeb; dance, Patty Jungstrom; reading, Edith McVickers; instrumental, Trio, Madeline and Marjorie Whitledge and Edith Taylor; dialog, Ruby Doyle, Richard Doyle and Marian Reeb; piano solo, Zelma Glazier; readings by Florence McKee and Mary Moyle and a song, Jingle Bells by all the children.

Following the program gifts were distributed by Santa Claus and a banquet was served by Mrs. Elizabeth Reeb, Mrs. Amelia Bowles and Mrs. Alice Fanning.

MAY PRESTIDGE, ANTIOCH YOUTH WED IN OAKLAND

Miss May Prestidge became the bride of William Cakebread of Antioch at a ceremony performed in St. John's church, Oakland last night. Following a honeymoon trip the couple will make their home near Antioch where the bridegroom is owner of a large ranch.

Miss Prestidge is well-known in Richmond, being principal of Peres school until her resignation several days ago.

Alvan LaMar Sister Visit

Alvin LaMar, former Richmond resident and property owner, is spending a few days visiting here. His sister, Mrs. F. C. Veatch of Santa Rosa is also visiting here. They will spend the holidays in Richmond.

Unity Center Yule Program Tonight

The Richmond Unity Center will hold a Christmas party tonight at the Richmond clubhouse for the children of the Sunday school and their friends. Mrs. Beulah Tiller is directing the program. There will be a tree and Santa Claus will pay a visit to the party.

Completion of the new Ambassador bridge from Detroit into Canada is expected to vastly increase the tourist business of the Dominion.

NEW BOY SCOUT TROOPS WILL BE STARTED

Interest in Boy Scout activities and the organization of many new troops here was reported last night at a session of the Richmond Boy Scout council.

The Point Richmond lodge of Masons, the Wesley Methodist church, the First Presbyterian church, the Latter Day Saints' church and the El Cerrito Lions are among the organizations in this vicinity sponsoring new troops.

Troop No. 13 has been organized in the First Presbyterian church. Troop No. 1 will be reorganized by the Point Masons under the direction of R. H. Harrison. Troop No. 15 will probably be the designation of the Wesley church troop while Troop No. 1 of El Cerrito is the title of the new troop in that city.

More than 250 boys are enrolled in Scout troops here, according to Scout Commissioner R. F. Cox. By the end of the new year it is expected that this number will be considerably higher.

The annual fund drive will be started in February. The financial committee of the council is arranging the budget for the new year and it rests upon the committee to decide the amount of money needed for Scout work here.

At court of honor here 137 boys were awarded merit badges and four received Eagle Scout badges last month. Appointment of 25 expert merit badge examiners was announced last night.

Troop No. 7, the training troop for Boy Scout leaders will resume its activities at the start of the new year.

Nomination of officers and the annual session of the council will be held in the near future. Howard Flint was named chairman of the committee in charge to arrange for the meeting. Claude Clarke was in charge of the session last night. The meeting was attended by Dr. A. B. Binkley, Dr. L. R. Sears, M. F. Beebe, C. B. Burns, Carl Overman, H. J. Simmons and Robert F. Cox.

Christmas Trees In Memorial Park Here Decorated

Richmond Boy Scouts yesterday helped lend a Christmas color to the Memorial park. Two large "outdoor Christmas trees" growing in the park were wired and decorated with strings of electric lights. D. S. Delaney, city electrician assisted in the work. The trees will be lit each night until after Christmas time.

"Industry Has Put Richmond On The Map—Keep It There By Increasing And Developing It's Harbor Facilities"

And Bruce Parks, junior student of the Richmond Union High School, continues to tell "The Value of Harbor and Industrial Development To the City of Richmond" in his article entered in the prize contest, awards for which will be announced on or after December 20th!

Writes young Parks: "Ever since the Standard Oil Company saw the advantages afforded by Richmond and wisely chose it for its great plant, Richmond has prospered.

"If there were no harbor and shipping facilities in Richmond, there would be no industry.

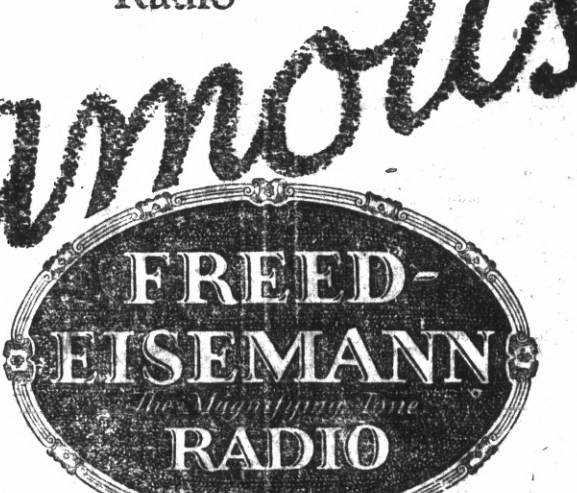

"Harbors bring industries, the industries bring people and the people in turn bring more industries.

"Industries have made Richmond, now it is up to Richmond to make the industries."

Five cash prizes—\$25, \$20, \$15, \$10, \$5—will be distributed to the winning contestants on or about December 20th by the Parr-Richmond Terminal Corporation. The judges of the contest are: Mayor Mattie Chandler, W. T. Holmes, Superintendent of Schools; P. M. Sanford, president of the Richmond Chamber of Commerce; Aubrey Wilson, president High School Board; E. B. Ball, president of the Tax Ass'n. of Contra Costa County; C. S. Renwick, representing Rotary; Ralph N. Bergen, representing Kiwanis; G. E. Milnes, representing Lions; Fred D. Parr.
